

Special features of the Jack Up 600 include 6 spuds that jack up the barge 70' with 235 MT capacity. 20" diameter spuds can be extended to 110' with 35 MT capacity. A reliable and versatile unit, the Jack Up 600 serves the Project fleet.

At Cutter Marine we approach each cargo movement and every service with the promise to deliver innovative marine solutions.

Since 1956 we've pushed the boundaries, becoming one of the foremost marine service providers in Canada. Customizable transportation and project solutions including marine transportation, marine construction, project cargo, salvage, towing and ship assist are available throughout the Great Lakes, St. Lawrence Seaway, East Coast and the Canadian Arctic.
